Dear Parents/Carers

Permission for School Photographs, Video, Internet and Press Photographs

Our school is a learning organisation for both children and adults. During your child's time with us photographs may be used to celebrate particular achievements and successes through the use of the media, photographs, video and internet.

We use photos and videos on our school website and social media platforms, such as Facebook and Twitter, to show aspects of the school as well as sharing children's work, news stories and residential trips. Your child may feature in a photos and videos but we will not name any children on the website or social media.

We are often visited by the local press who like to report on special events and projects we have running within the school.

As a school we feel it is very important to share our good news and children's achievements and we hope to be able to include as many children as possible within the celebrations. We ask that you fill out the details below to show your consent.

If you have any concerns about the above or would like further information please visit the school office.
